## Carbon Cashback

CCL Hawaii collaborates with the Carbon Cashback Task Force, which advocates for carbon fee and dividend policy at the state level.

The Carbon Cashback Task Force is meeting with legislators for in-depth discussions. If you would like to join a meeting or help contact legislators for a meeting, contact Doug Hagan ([dhagan111@gmail.com](mailto:dhagan111@gmail.com))

## NATIONAL ACTIONS

**Easy Action - It takes just 5 minutes!**

[Ask your Representative to cosponsor the Energy Innovation Act!](#) 🎉

The Energy Innovation and Carbon Dividend Act (H.R.5744) charges corporate polluters a fee for the carbon pollution they put into our air, then gives that money to Americans. And it's back on the table in Congress 🙌

The Energy Innovation Act will:

- push us toward our goal of net zero emissions by 2050 🎯
  - drive energy innovation, giving every American community access to affordable clean energy ⚡
  - help low and middle income Americans afford this transition with a carbon cashback 🙌
  - keep Americans healthier and living longer by reducing air pollution ❤️
